FALL 2010 TRAINING CALENDAR and REGISTRATION FORM

CERTIFICATION COURSE OFFERINGS

INTRODUCTION TO ALASKA SMALL WATER SYSTEMS

3.0 CEU

DATES: NOVEMBER 8-12, 2010

LOCATION: FAIRBANKS, AK

INSTRUCTOR: MICHAEL POLLEN

INTRODUCTION TO ALASKA SMALL WASTEWATER SYSTEMS

3.0 CEU

DATES: NOVEMBER 1-5, 2010

LOCATION: ANCHORAGE, AK

INSTRUCTOR: MICHAEL POLLEN

These are the official introductory courses for Alaskan small water and wastewater systems operations and maintenance. Each course is accredited for 3.0 CEU's and qualifies the student to take the ADEC Provisional Level 1 exams. All persons applying for Provisional exams must have a high school diploma or GED certificate. Provisional exams require that an operator have at least three months of operations experience OR completion of an approved training course. The exams will be given on the final day of the course.

ALASKAN WATER TREATMENT SYSTEMS

INTERMEDIATE

3.0 CEU

DATES: SEPTEMBER 27-30, 2009

LOCATION: ANCHORAGE, AK

(limit 25)

INSTRUCTOR: MICHAEL POLLEN

This course was developed by Michael Pollen in cooperation with the Alaska Department of Environmental Conservation. Only operators who have completed a basic water treatment course and passed the Water Treatment exam, or who have a Level 1 Water Treatment license should attend this course. The student will find that reviewing "Introduction to Alaska Small Water Systems" or a similar text in advance will be useful in recalling some basic material. The student should already have a working knowledge of math. Topics include conventional treatment (coagulation, flocculation, clarification, and filtration), disinfection, membrane separation, softening, fluoridation, iron and manganese treatment, and corrosion control. Throughout the course manual, examples from various Alaskan systems, that have kindly allowed the use of their experiences, are used to illustrate the topics being presented.

INTRODUCTION TO MEMBRANE WATER TREATMENT

1.6 CEU

DATES: AUGUST 24-25, 2010

LOCATION: PRUDHOE BAY, AK

(limit 25)

INSTRUCTOR: MICHAEL POLLEN

DATES: NOV 30 – DEC 1, 2010

LOCATION: JUNEAU, AK

(limit 25)

INSTRUCTOR: MICHAEL POLLEN

DATES: DECEMBER 14-15, 2009

LOCATION: FAIRBANKS, AK

(limit 25)

INSTRUCTOR: MICHAEL POLLEN

These two course offerings are being sponsored by ADEC. There is no cost for registration, but the class registration is limited to 25 attendees.

This is a new 2-day course offered for the first time in 2010 on the rapidly evolving technology of membrane water treatment systems. Developed and presented by Michael Pollen, this course is an introductory level presentation on the process theory, O & M, and monitoring of microfiltration (MF), ultrafiltration (UF), nanofiltration (NF), and reverse osmosis (RO) treatment systems. The course features examples of the use of this technology in Alaska treating both surface and ground water sources. Applications include treatment for microbiological contaminants and inorganic contaminants such as arsenic and nitrate, organic matter removal, softening, and desalination

CLASS INFORMATION

Classes are held from 8 a.m. to 5 p.m. with an hour break for lunch.

Course locations will be announced once class sizes are determined.

Students are encouraged to register early to ensure available space. A copy of the course text can be sent prior to the course date for a \$10 shipping charge. Please check the box on the registration form.

A.D.E.C. INFORMATION

Continuing Education Units (CEU) shown are the full credit allowed by the ADEC for these classes. ADEC policy allows core certification courses to be repeated once for CEU credit, but not within a three-year period. Only half credit is recognized the second time a core course is taken.

FALL 2010 NTL COURSE REGISTRATION FORM

Please check the appropriate boxes from the list below, and fill out both sides of the form.

Only one student per registration form

Textbook is included in the course fee.

Introduction to Alaskan Small Water Systems \$525.00 \$ _____
November 8-12, 2010 – Fairbanks, AK

If signing up for exams, select one OR two exams:

State of Alaska Application fee (\$20) & one (1) Exam (\$30) \$50.00 \$ _____

OR State of Alaska Application (\$20) & two (2) Exams (\$60) \$80.00 \$ _____

Water Treatment Exam - Provisional Level 1

Water Distribution Exam - Provisional Level 1

Introduction to Alaskan Small Wastewater Systems \$525.00 \$ _____
November 1-5, 2010 – Anchorage, AK

If signing up for exams, select one OR two exams:

State of Alaska Application fee (\$20) & one (1) Exam (\$30) \$50.00 \$ _____

OR State of Alaska Application (\$20) & two (2) Exams (\$60) \$80.00 \$ _____

Wastewater Collection Exam - Provisional Level 1

Wastewater Treatment Exam - Provisional Level 1

Text sent in Advance: For students registering for a class \$10.00 \$ _____
 (\$10.00 shipping and handling)
 Not available for ADEC sponsored classes

Alaskan Water Treatment Systems – Intermediate Level

September 27-30, 2010 Anchorage, AK (25 attendees only) \$0.00* \$ _____

* No registration fee will be charged for these ADEC sponsored classes. Text is included in registration.
 The maximum number of attendees allowed for each class is 25.

Introduction to Membrane Water Treatment

August 24-25, 2010 Prudhoe Bay, AK (25 attendees only) \$0.00* \$ _____

Nov 30 – Dec 1, 2010 Juneau, AK (25 attendees only) \$0.00* \$ _____

December 14-15, 2010 Fairbanks, AK (25 attendees only) \$0.00* \$ _____

* No registration fee will be charged for these ADEC sponsored classes. Text is included in registration.
 The maximum number of attendees allowed for each class is 25.

ADDITIONAL TEXTBOOKS for WATER and WASTEWATER OPERATIONS

Textbook is included in the course registration

The following additional texts for Alaskan water and wastewater operators are available from NTL Alaska, Inc.

“*Alaskan Water Treatment Systems--an Intermediate Operator Training Manual*” \$55.00 \$ _____
 (\$45.00 + \$10.00 shipping and handling)

“*The Extended Aeration Package Treatment Plant Handbook*” \$35.00 \$ _____
 (\$30.00 + \$5.00 shipping and handling)

“*Operator Certification Study Guide – 5th Edition*” \$80.00 \$ _____
 A Guide to Preparing for Water Treatment and
 Distribution Operator Certification Exams
 (\$70.00 + \$10.00 shipping and handling)
